Respected Sir,

Ramakrishna Vivekananda Mission is a philanthropic organization having branch centres in the States of West Bengal, Uttar Pradesh, Madhya Pradesh, Chattisgarh and Jharkand. Mainly, it caters to the need of poor and destitute children for their Residential Care, Vocational training, Education, Training of Medical care etc. up to the age of 18 years. Considering the valuable services by this Mission, the Government of India conferred National Award for Child Welfare in the year 1983, 1991 and 2003 by Ministry of Women & Child Development.

Having this background we have planned to offer residential care, Education and Vocational Training to the children of soldier who have given their lives for the noble cause of the Country or became permanently crippled due to some accidents. We have come to know that the Ministry of Defence requires such type of voluntary services by the social welfare organization like us.

We would, therefore, request you to enlist our name as Institution offering the said services for the children up to the age of 6 years to 14 years both boys and girls in our institution either free of cost or on some maintenance grant released by the Government for this purpose. At present, we are ready to admit such 25 boys and 25 girls as our commitment towards development of the Nation and services to the soldier of our country.

With regards,
