

JEEVAN PRAMAAN LIFE CERTIFICATE FOR PENSIONERS

Jeevan Pramaan (Digital Life Certificate for Pensioners, www.jeevanpramaan.gov.in) has turned out to be a very convenient way for pensioners to furnish their life certificates (as required for continuation of their pension every year). Launched in November 2014, over 4.17 crores Digital Life Certificates (DLCs) have been submitted through Jeevan Pramaan by the pensioners. Jeevan Pramaan provides a mechanism to pensioners to submit life certificate Digitally from anywhere any time using the Aadhaar Biometric based authentication. This service enables pension disbursing agencies to fetch and process submitted DLCs digitally.

Although superannuated pensioners of your Department/Organisation are already using this service for submission of life certificate, but still large number of pensioners are using other means to submit life certificate. So it is appreciated that a communication may be sent to pensioners to use this service for hassle free submission of Digital Life Certificate.

In case pensioners find difficulty due to non availability of biometric device they may even use India Post Payment Bank (IPPB) "DoorStep DLC service" for submission of Life Certificate.
